Subject: Runyan Canyon Bike Corral Installation?

Hi Sarah,

As you may recall from our meeting with you and the CM in July, one of the issues that we needed the Councilmember's direction on was the Bike Corral at Runyan Canyon. The maintenance agreement was signed by Friends of Runyan Canyon on June 10, 2015 (where they agree to maintain it) and has made its way to the GM's desk. Friends of Runyan Canyon and other stakeholders are now looking to us regarding the delay. Can you please let us know whether your office would like to proceed with the installation?

Thank you,
Jen

Was there a reason for the delay? Is there opposition to it?

Catherine Landers
Office of Councilmember David Ryu

Can't recall this July conversation myself but I see nothing wrong with it- especially if this was in the works for a long time.

But Let's make sure we get no backlash from installing this and get full buy in and support (at least verbal) from as many groups as possible to say they want this. Maybe Catherine or Daniel can ask around before we do it.

Thank You,

David E. Ryu

Hi,
Just wanted to keep this on your radar. We are getting inquiries from stakeholders and would like to be able to respond with information about the implementation. Please advise.

Thank you,
Jen

Catherine, have you and Daniel had a chance to check in with folks? We need to give an answer soon.

At a minimum check with Stacy and a few others.

Sarah

Hi Sarah and Catherine,
Sorry to keep pestering you about this, but we really need to move forward with this out of consideration for the applicant. As you are aware, the applicant filed all of the correct documentation back in June. We would like to sign off next week. Please let us know if you have any grave concerns so that we can move forward. Please be advised that this is only for the bike corral and if it proves to be extremely problematic this can be revisited.

Best,
Jen
